Re: FOIA Request EPA-R4-2014-000064

Dear Gayla:

As we discussed Monday, this letter ranks, in order of priority, categories of information we would like to receive that are covered by the above-referenced FOIA request

1. Any witness interviews, documents, or records indicating release, disposal or contribution of hazardous substances, fill, or any other materials by ABC Coke, Drummond Company, or any related entity including alleged entities arranging for release, disposal or contribution of hazardous substances, fill, or any other materials to the 35th Avenue Superfund Site (the "Site")
 - a. Information related to hazardous substances contributed to the Site by ABC Coke/Drummond Company, Inc. via any pathway, including air deposition.
 - b. Information related to hazardous substances contributed to the Site by any other entity via any other sources, including air deposition.
2. To the extent not included with the information described above, all other sampling data for the Site. We understand that EPA is compiling the sampling data for the 50 most contaminated parcels of property within the Site, which will be plotted on a map and identified by county parcel number. After you provide us with this information, please provide the remainder of the sampling data.
3. All information requests sent to parties in connection with Site.
4. All responses from parties who received information requests.

This request is intended to prioritize receipt of information in order to respond to EPA requests for response by our client ABC Coke/Drummond. This request is made without waiving FOIA request EPA-R4-2014-000064 or any associated rights and claims thereunder. We are amenable to phasing the delivery of responsive information and would request a schedule of when the items above, which should be considered a first phase, would be delivered. If you have questions, please contact me, or Rich Glaze at Balch & Bingham. If it would expedite matters to have someone visit the Region to review certain documents, please let us know.

Thank you for considering this request and for all of your hard work on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer E. Drust", with a large, stylized initial "J" and a long horizontal flourish.
